Dear Carl,

STATINTL  
STATINTL

I am planning to visit Los Angeles for a few days in either the week of 30 November or 8 December. I will have with me Mr. [REDACTED] and Mr. [REDACTED] whose clearances can be confirmed to you by headquarters. We would like to visit your facilities on 30 November or 8 December, and will advise you of the actual date on the 24th of November.

We would like to discuss your work on multiple layer windows, your method of attaching plastic "handles" to glass edges, your ability to aid us in the mounting design for the windows, and your ability to aid us in material selection as pertinent to other aspects of our activity.

If these dates are unacceptable to you, would you please let me know at your earliest convenience.

Best regards.

STATINTL
